

# ARCADE GAME CHALLENGE

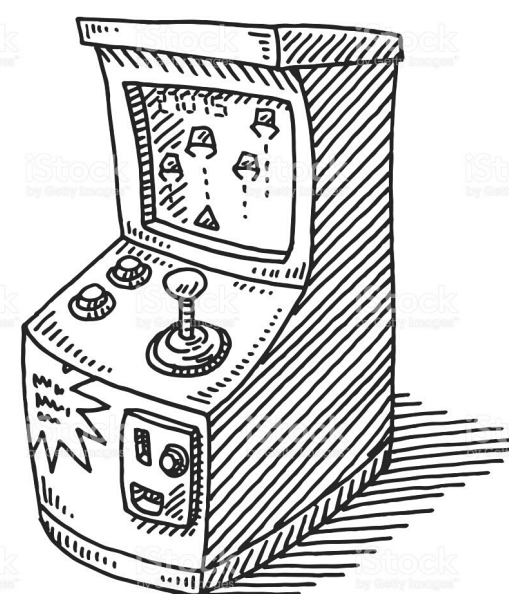

## What's the challenge?

We challenge you to design and program your own maze style arcade game using MakeCode.com.

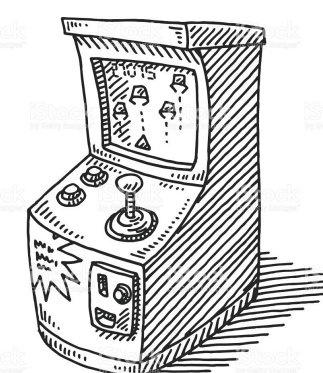

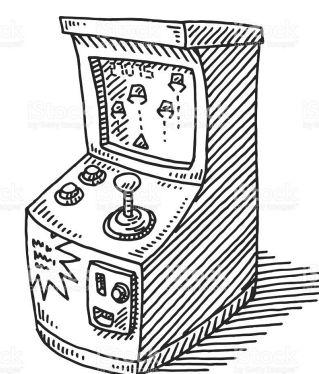

## Win Prizes!

Anyone who submits a Link/URL to their game will be entered into a raffle to win a handheld gaming device!

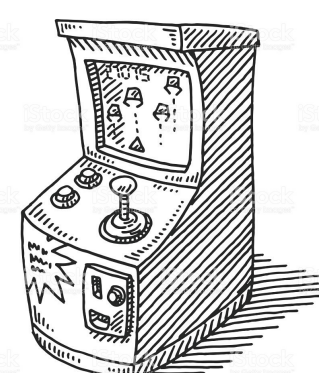

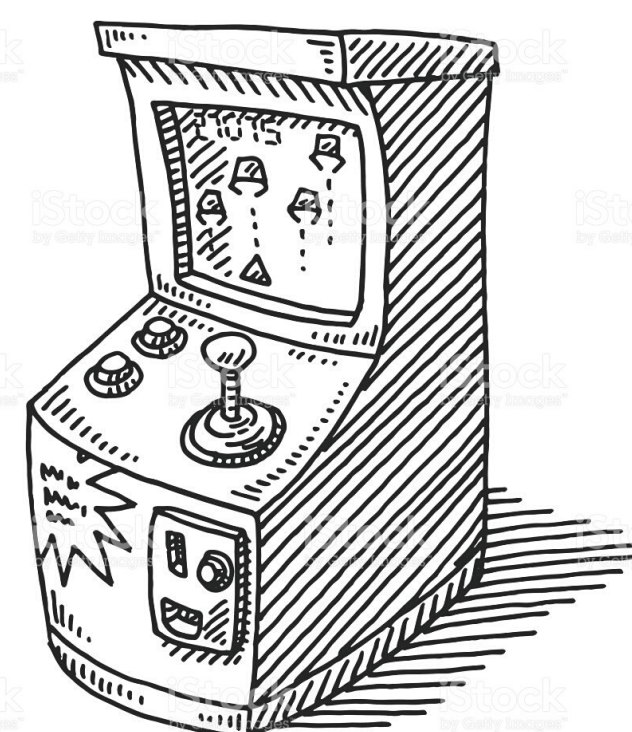

## Are there tutorials?

You better believe we have tutorials. We created tutorials to show you how to create a game from start to finish but part of the challenge is adding your own personal touches and special features.

## How do I sign up?

- Login into EL3 (<https://el-3.org/>)
- Click "Enter Group Code"
- Enter the code: **GFBFH**
- Click "View Group"
- Click on the Playlist and the Challenge. Follow directions and complete the form at the bottom

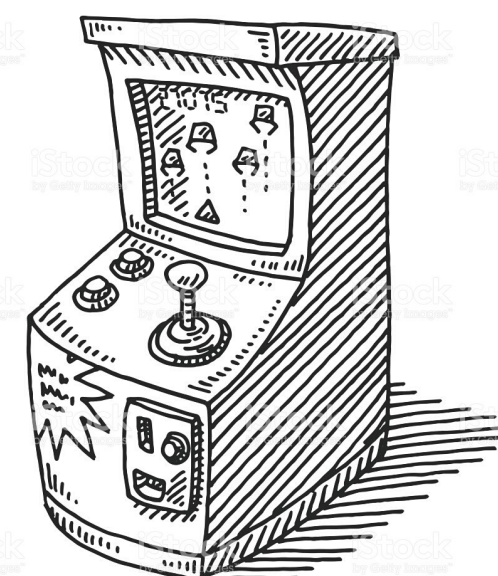

## Who can participate?

This challenge is open to all Evanston residents in **Grades 6-8**.

## Challenge Dates

All submissions are due by 5:00 pm on Wednesday, May 6.
